

Patient Reference Group

November 25th, 2026- 13.30-15.00

Online session

What is the Patient Reference Group

The Patient Reference Group is a forum run by the Patient and Public Involvement team at Leeds Teaching Hospitals Trust. The forum provides an opportunity for patients and members of the public to share their thoughts and experience on decisions made by the Trust and improvements to services.

These sessions are held alongside face-to-face interviews with patients and visitors whilst they are receiving care and treatment at the Trust.

What will the session focus on?

At this session we will focus on two topics. The first will include a discussion with senior members of the Urgent Care team to consider how we best inform and support patients and visitors within the Emergency Department, particularly whilst waiting a long time or when plans change.

The PCPI team will present their ideas for refreshing the Trusts involvement strategy which is due to be renewed in 2027. You will be asked to share your thoughts on this.

Who can attend

This session is open to anybody who has a passion for improving services delivered by Leeds Teaching Hospitals Trust. We are looking for people who feel comfortable online and who work well in group discussions.

Want to book a place

If you would like to book a place, please contact pcpi.ltht@nhs.net. You can also tell us about any reasonable adjustments we need to understand relating to online meetings.

We look forward to hearing from you
